|------------------------------------|------------------------------|
| a) copper I chloride | (cuprous iodide) |
| b) iron <u>III</u> oxide | (ferric oxide) |
| c) lead IV iodide | |
| d) sulphur hexafluoride | |
| e) ammonium chlorate | |
| f) copper II nitrate | (cupric nitrate) |
| g) aqueous hydrogen chloride | |
| h) — | |
| i) tin IV hydride | (stannic hydride) |
| j) calcium bicarbonate | (calcium hydrogen carbonate) |
| k) potassium permanganate | |
| l) copper II sulphate pentahydrate | |
